News from the SALISH SEA

May 2008

Northwest Dive Expo Edition

We have just returned from the Northwest Dive & Travel Expo in Tacoma. Connecting with many of our past customers, friends, reliving great dive trips and making new acquaintances was fun. This motivated us to create this Newsletter to let you know what we are down to.

Did you see the April issue of *Northwest Dive News*? John Rawlings wrote a great detailed article about “Diving and Staying” with us in the Salish Sea. We have attached a copy for your reference.

Show Specials: Naturally we had some show specials that we want to extend to you. We are offering 10% off for the May 17/18, 24/25 & June 7/8th weekends. We are going to continue this offer until sold

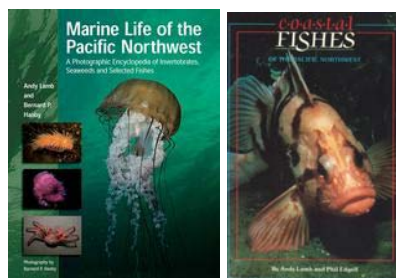

out. Book now while space is still available on these trips.

Recently we have developed three dive themes; “Critters”, “Wrecks” & “Your Way” and we have put together several diving events for you to enjoy:

- ***Peter’s Historical Ship Wrecks. Nov. 7th to 11th***

The Del Norte
The Point Grey
The Robert Kerr
The Panther

- ***Andy’s New Years Critter Hunt. Dec 27th to Jan 4th***
Pick your dates and join us.
- ***The 737 3rd Anniversary Jan 17th & 18th 2009***
- ***Valentines Day Feb 14th & 15th 2009***

OR

- **Dive it Your Way.**

We can create a special dive vacation for you. Email us and together we can plan a unique dive holiday, choosing the sites and activities you want. Select which dives you want from Critters, Wrecks, Reefs, Walls, Night Dives and more !

Although we can accommodate as many as 8 divers on the boat and at the lodge on Thetis, we can create family, couple or foursome packages tailored to suit your desires.

Club & Store groups are always welcome, so “lets go diving” !

Are non-divers in your mix ? We have plenty of terrific activities for them as well as relaxing, enjoying the food and the ambiance at our waterfront lodge on Thetis Island.

Bookings are available all year round. We still have openings this year in July, September and November, with a few spaces available throughout the rest of the year.

Contact us now to reserve your diving weekend or vacation for this year or 2009 - 2010.
